

LET US BRING HISTORY TO YOU! ENGAGE YOUR STUDENTS FROM HOME OR IN THE CLASSROOM WITH VIRTUAL PROGRAMMING FROM DISCOVERY HARBOUR!

Students will experience the vast history of this British naval and military establishment with a three-part educational program, including a pre-recorded video, a live Q & A follow up session and additional resources. The introductory section of the video provides an overview of major political and military events leading up to the establishment of a British Naval and Military base at Penetanguishene after the War of 1812.

Please note: While the War of 1812 is referred to in broad terms, we do not focus on specific events from that or other previous conflicts.

Students will learn about Discovery Harbour's rich history as the original British naval and military base built to safeguard access to Upper Canada after the War of 1812. This program will introduce students to the life of a sailor and soldier in 19th century Upper Canada.

This flexible, curriculum-linked virtual field trip is available for in-class or remote learning and is suitable to all grade levels, but specifically aimed at grade 7 and 8 students.
